

Duo

The 'Duo' is our duopitch (symmetric) curved roof variant - this is where both sides are at the same height, the most common configuration for standalone structures or structures against low roofline buildings. Widths of 8000mm are easily achieved and wider still with additional design features.

Exact specification will be project specific, please check your quotation.

Duo

The 'Duo' is our duopitch (symmetric) curved roof variant - this is where both sides are at the same height, the most common configuration for standalone structures or structures against low roofline buildings. Widths of 8000mm are easily achieved and wider still with additional design features.

MATERIALS

Structure - All steel
 Roofing - Polycarbonate
 Finish - Galvanised only or Dura-coat™ colour finish

DIMENSIONS

Virtually any available, most cost effective widths are: 2000mm, 3000mm, 4000mm, 5000mm, 6000mm. Standard lengths are at 700mm increments but any length is possible. Post centres are typically 4000mm (up to 5000mm). In all instances please enquire – we can accommodate nearly any situation.

OPTIONS

- Side panels with various infill options
- Clear, opal or coloured roofing
- Aluminium guttering and downpipes
- Wall brackets
- Wide span beams
- CHS uprights
- Post pads

APPEARANCE

Steelwork is finished in Dura-coat™ colour finish to any RAL colour. Aluminium gutters and downpipes are finished to match. Polycarbonate roof covering is either clear or opal as standard or coloured at extra cost. Post pads can be any colour, often contrasting with the structure.

SERVICES

A&S Landscape recommend early consultation to consider all aspects of the proposed installation. We provide free quotations and technical information at design stage with drawing files of all details which can be easily incorporated into architects' drawings. Full site surveys, CAD drawings and project management are all part of our standard service. Early technical involvement can generally provide a better solution.

BESPOKE PRODUCTS

Our ability to extensively customise our products ensures that we can meet any special requirements that you may have. Our flexible modular system often allows this to be done very economically whilst retaining the performance characteristics of our system.
